This constitutional amendment expands Medicaid eligibility in South Dakota. It requires the State to provide Medicaid benefits to any person over age 18 and under 65 whose income is at or below 133% of the federal poverty level, plus 5% of the federal poverty level for the applicable family size, as provided in federal law. For people who qualify under this amendment, the State may not impose burdens or restrictions that are greater than those imposed on any other person eligible for Medicaid benefits under South Dakota law.</p> <p>The South Dakota Department of Social Services must submit to the federal government all documentation required to implement this amendment and must take all actions necessary to maximize federal funding for this expansion.</p>	<p>Marijuana plants, and the marijuana produced from those plants, may be possessed under specific conditions.
